TREATY WITH JAPAN

How the New One Differs From All Previous Ones.

THE BENEFITS TO BE DERIVED.

Japan is Recognized as an Enlightened Modern Nation of the First Class For the First Time by the United States Government — But Little Doubt but What It Will Be Ratified.

WASHINGTON, Dec. 10.—By the new treaty between the United States and Japan the United States formally recognizes Japan for the first time as a first class power in the sisterhood of nations. The treaty shows fully the United States has accorded to Japan the recognition she has now as an enlightened, modern nation. All previous treaties have been based on the theory that the relics of eastern barbarism still remained with Japan. Accordingly she was not allowed to conduct her own courts or to make her own tariff laws, but special treaty regulations were made to protect American litigants and American commerce in Japan on the presumption that the native laws would not afford adequate protection. Running throughout the new treaty are the concessions recognizing her courts and laws as ample for Americans as well as natives. This is the chief feature of the treaty. The old consular courts, in which United States consuls tried cases at Japanese treaty ports, are abandoned. Instead of them all cases, civil and criminal, in which an American is concerned, will be tried by the native courts.

The right of Japan to make her own tariff laws is also recognized. Heretofore the United States has been free to make such tariff laws as she saw fit affecting Japan, but the latter was forbidden by treaty from fixing duties above 5 per cent ad valorem. The protocol of the new treaty recognizes the general statutory laws of Japan concerning the tariff, and Articles 4 and 5 give her for the first time the "favored nation clause," by which she is guaranteed against any higher duties than those the United States imposes on other countries. The abolition of the foreign settlements, and their absorption by the native cantons of Japan, is another recognition of her advanced municipal organizations.

On the other hand, the United States secures many substantial advantages. The missionaries who make up such a very large class in Japan are guaranteed freedom of worship and protection in that worship.

The main concession, however, is that of Article 2, by which Japan is opened up to American commerce. Heretofore Americans have been restricted to a few treaty ports of Japan. They could not reside or carry on business, or even travel in the interior. Now, however, every corner of the country is opened to Americans. They can establish business and manufacturing, lease lands, etc. It is the opening of the heart of Japan, hitherto inaccessible to American enterprise and commerce. In giving the Japanese a similar right to settle throughout the United States, care has been taken to provide that their coming must be subject to our alien labor and immigration laws.

The provision of the treaty that it must be ratified within six months makes it incumbent for the senate to act on it at the present session, or the treaty will fail. There is every probability, however, that the senate will act promptly.

Minister Kurihara has forwarded a copy of the treaty to his government, where it will be considered and ratified by the privy council of Japan.

STRUCK BY A TRAIN.

One Young Lady Killed and Her Brother Badly Injured.

CHICAGO, Dec. 10.—While waiting at the Lyons depot of the Burlington road Saturday night, a party of young people were struck by the suburban train, one young lady being killed outright, her brother perhaps fatally injured and another narrowly escaping death.

Miss Ida Schultz, aged 22, was killed outright.

Edward Sohnlitz, her brother, suffered internal injuries which will probably result fatally.

Another brother, Emil, barely escaped with his life by jumping out of the way of the moving train which bore down on his relatives.

The young people got confused at the depot, and in avoiding one train stepped before the other, with the above fatal result.

Deputy Marshal Shot and Killed.

CLAREMONT, I. T., Dec. 10.—Deputy Marshal John Beard of this place was shot and instantly killed yesterday four miles south of here while attempting to arrest Jim Price, a local tough, wanted by both the United States and Cherokee authorities. Deputy Marshals Beard and Pulse went after Price, who got the drop on them. Beard stopped behind his wagon and took a snapshot at Price, who returned the fire with a Winchester ball, which pierced Beard's brain. He then, after driving Pulse off, fled to the brush, saying he was going to join the Cooks.

Two People Probably Fatally Injured.

BINGHAMTON, N. Y., Dec. 10.—A train on the Erie railroad struck a carriage at the Charles street crossing at 7:30 yesterday evening, containing John Burrows and Miss A. Campbell of 16 Wilson street, this city. Both were crushed about the head and will probably die. The carriage was wrecked and the horse killed outright.

AMERICAN FEDERATION OF LABOR.

Work Before the Convention Which Meets in Denver.

DENVER, Dec. 10.—Nearly all the delegates have arrived to attend the convention of the American Federation of Labor, which meets here. John Burns, member of the English parliament, Samuel Gompers, president of the federation, Richard Holmes of England and J. J. Maguire are registered at the St. James hotel, where most of the delegates are stopping.

Notwithstanding that the delegates to the convention profess ignorance as to the adoption by the delegates of a resolution favoring the free coinage of silver, it is very probable that such a resolution will meet with very little opposition. On the question of immigration some decided views are expected from the convention. They will probably be in the shape of a resolution asking congress to limit all foreign emigration to this country for a number of years.

But beyond doubt the principal business to come before the delegates will be the adoption of a platform. As a basis for such a matter the following program, adopted by the different trades assemblies of Great Britain has been recommended for consideration: "Compulsory education; direct legislation; a legal workday; sanitary workshops, mine and home; liability of employer for injury to health of body or life; the abolition of sweating system; the municipal ownership of streets and gas and electric plants for public use; the nationalization of telegraph, telephone and railroads and mines; the principal of referendum in all legislation."

With the exception of the clause referring to the government ownership of railroads, telegraphs and telephones, this platform will probably be favorably received and adopted without discussion. This clause in itself is considered by many workmen to smack too much of socialism and is likely to cause no little opposition.

The auditing committee, consisting of Joseph F. Valentine, national vice president of the Iron Molders' union of San Francisco; J. Q. Quayle, of the Amalgamated Carpenters of Chicago, and Chris Evans, the secretary of the federation, is in the city and have been inspecting the accounts of the federation. From what they learned they reported the finances in splendid condition, but will not make public any report until the convention assembles.

The following delegates have arrived: W. F. McCallagh, secretary of the Duluth federated trades; J. C. Kilgallon, secretary of the Amalgamated iron and steel workers of Pittsburgh; Thomas Eldorin, president of the National Seamen's union of Chicago; Dan Keefe, president of the National Longshoremen's union of Chicago; N. J. Svindsoth, representing Pacific Coast Fishermen's union, Astoria, Or.; W. J. Croke, representing United Coal Mine Workers, Marion, Ind.; A. J. Rand, Indianapolis; J. O'Sullivan, J. G. Harvey and W. H. Ferguson, Chicago.

TRAIN ROBBER SURRENDERS.

He Confesses Everything and Names Others Implicated With Him.

FORT WORTH, Tex., Dec. 10.—One of the Benbrook train robbers, who held up the Texas and Pacific train last Thursday, eight miles from this city, surrendered to the sheriff of Navarro county at Corsicana yesterday. He was brought here and is now in jail. He confessed everything and gave the names of the four others implicated, two of whom have been arrested and are now in jail.

The self-confessed train robber is Sam Evans, the nephew of one of the oldest and wealthiest citizens of Fort Worth, Colonel Sam Evans. Young Sam Evans is locally known as "Crazy Sam Evans." He has worked for a butcher as a wagon driver, etc. Another of the robbers is G. W. Sullivan, and the third under arrest is a young man, who will possibly be used as state's evidence.

Evans, at Corsicana, talked very freely. When he arrived here he became exceedingly reticent, and denies everything that he said at Corsicana. Among other things he said was that he had plenty of money, the proceeds of the robbery, but would not give up a cent unless he was promised protection.

BARELY ESCAPED CREMATION.

Five Persons More or Less Injured at a Fire.

KANSAS CITY, Dec. 10.—Five persons were more or less injured in a fire that occurred early Sunday morning at the home of F. W. Mitchler at Fourteenth and Harrison streets. The Mitchler family, five in number, slept on the third floor, and when awakened by smoke that entered their rooms were thrown into a panic.

Mrs. Mitchler and her daughter, Edith, aged 16, jumped to the ground before any one could reach them and landed on the stone pavement. Miraculously no bones were broken, but both are seriously though not fatally injured.

Mrs. Mitchler and Annie, aged 6, were unable to find an exit and were badly burned before being rescued by the firemen. Mr. Mitchler's mother fell down stairs and sustained a broken arm. The pecuniary loss was small.

No More Fights in Denver.

DENVER, Dec. 10.—Chief of Police Armstrong has decided to allow no more fights in Denver. The pugilists who have been giving many so-called boxing exhibits here this winter will be jailed as vagrants if they do not leave town.

Eugene Kelly Improved.

NEW YORK, Dec. 10.—The condition of Eugene Kelly, the banker, whose condition was so precarious during the latter part of last week, is reported to be much improved.

WEEK IN CONGRESS.

Predicted Program of Both the House and Senate.

FIERCE STRUGGLE PROMISED.

The Income Tax Will Be Discussed in Connection With the Urgency Deficiency Bill in the House—The Nicaraguan Canal Bill Will Probably Be Considered in the Senate.

WASHINGTON, Dec. 10.—The second week of the session in the house promises to witness a fierce struggle over the income tax in connection with the appropriation to be incorporated in the urgent deficiency bill to provide for the collection of the tax, which begins Jan. 1, 1895. Mr. Sayres, chairman of the appropriation committee, intends to call up the bill on Tuesday, after the railroad bill is disposed of. Mr. Bartlett of New York is at the head of the opposition to the appropriation, and although the opposition is not considered strong enough to defeat the appropriation, it is expected the debate will abound with acrimonious references of the late election and that much bad blood will be manifested.

The consideration of the income tax appropriation may consume several days. Today is District of Columbia day and Tuesday the fate of the pooling bill will be decided, as Mr. Patterson of Tennessee, in charge of the measure, has given notice that at 3 o'clock he will demand the previous question. The general opinion is that the bill will not pass as reported, but will probably curtail when amended so as to give to the interstate commerce commission absolute control of the conditions of railroad pooling and final authority in the matter of revoking pooling orders.

As soon as the urgent deficiency bill, which will follow, is out of the way, it is the intention of the appropriation committee to bring forward the fortification bill.

The Nicaragua canal bill will be brought up this week.

Thursday next, according to notice already served, Mr. Brown, chairman of the elections committee, will call up the North Carolina contested election case of Williams vs. Settle. There is little doubt that Settle, Republican, the sitting member, will retain his seat.

The week's program in the senate will depend largely if not entirely upon the decision of the Democratic steering committee with reference to the order which the bills preferred by the Democratic caucus are to be taken. This point was left entirely to the steering committee, which at its next meeting will decide whether the Nicaragua canal bill, the bankruptcy bill, the New Mexico and Arizona bills, the Indian Territory bill, or the resolution for the election of senators by the people shall have precedence. It is not supposed by any one that the proposed currency bill will be given first place for the reason that no currency bill has yet been formulated. The friends of the other bills will unquestionably press their respective measures, and it is as yet impossible to say which of the bills mentioned will receive preference.

While the committee is undecided Senator Morgan will be improving his opportunity to press the claims of the Nicaragua bill. He has given notice of his intention to call the bill up today and he will open the proceedings of the day, after the disposal of the morning business, with a speech devoted to an explanation of the merits of the bill. It is probable that this speech will consume the greater part of the day. Mr. Morgan will speak regardless of what the caucus committee's decision may be. The speech made, the decision of the committee will probably be allowed to control as to whether the canal bills shall continue to receive attention or shall be disposed of by one of the other favored measures.

For the rest of the week Senator Morrill has given notice of an intention to present, as is his annual custom at the beginning of a congressional session, his views on some public question, generally, as this year, related to the national finances. Senator Hutton of Virginia has also given notice of a speech for Thursday on the establishment of a national university. It is also considered possible that there will be some executive work during the week, especially if the Japanese treaty should be reported.

WANTED THE JOB HIMSELF.

John B. Jersey Confesses to the Murder of Janitor Barnes of Chicago.

CHICAGO, Dec. 10.—John B. Jersey has confessed that he, with Ed Jordan, murdered A. D. Barnes, whose mutilated body was found in a French shipping case last Friday. Both Jersey and Jordan are under arrest, several people having testified to having seen them with the box containing the body. The men were employees of Barnes, and the motive for the crime is thought to have been rivalry between Jordan and Barnes for the chief janitorship of the Hiawatha building, which position the murdered man held, Jordan being his first assistant. Jordan has exhibited remarkable coolness throughout, having been the first to identify the body. Jersey's confession, according to the police, shows that Jordan alone was responsible for Barnes' death. Jersey said that Jordan, on the afternoon of the murder, gave him some money, told him to get a few drinks and be back to work at 8 o'clock that night. When he reappeared Jordan ordered him to help carry out the shipping case, and in doing so some of the blood from the box ran out on Jersey's sleeve. He

asked Jordan what that meant, and the latter told him there was a dead man in the box, and that he (Jersey) had better keep quiet about what he had seen. Badly scared, Jersey kept silent until the terrors of the "sweatbox" wrung this story from him.

ALMOST A LYNCHING.

A Confessed Murderer Narrowly Escapes a Mob's Fury.

RICHLAND, Ky., Dec. 10.—David Doty was assassinated at his farm near this city on Friday. Saturday night J. H. Neighbors of Elizabethtown arrived in Richland with two English bloodhounds, and they were immediately taken to the place where the crime was committed. Once on the trail, they went to the cabin of Abraham, Tom and Bill Taylor, a half mile distant, then trailed back to the place of the killing thence to the cabin again.

This was fair evidence and the chase was abandoned, the authorities believing the proper parties had been arrested. They were right in their belief, for yesterday Bill Taylor, the youngest of the brothers, all of whom are in jail, confessed, saying he was in Doty's stable attempting to slip one of his mules when the latter came upon him. Asked to give the reins to him, he fired and struck Doty in the stomach. He fell, but arose. Taylor shot again, laying the farmer low once more. To make sure, he grabbed him by the collar, lifted him up and put two bullets through his head. He then escaped.

Taylor's confession was sufficient for Squire Doty's friends, and they came here in large numbers from Madison and Garrard counties to swing him up. Excitement ran high, but the lynching was finally postponed by reason of a promise by Judge Scott to give Taylor a trial at once in the circuit court now in session. Taylor will be indicted today and his trial follow immediately. This seems to satisfy the friends of the murdered man.

Shot Over a Young Lady.

WACO, Tex., Dec. 10.—Quite a sensation was caused yesterday afternoon at Little River, a station 10 miles south on the Missouri, Kansas and Texas railroad, by the shooting of Section Foreman James P. Huddleston by P. Via, Via is agent at that point and hails from Salisbury. They were rivals for the affections of Miss Willie D. Waler of that place. Huddleston was rejected by the young lady and swore vengeance. Yesterday evening the two men met and both drew revolvers and began shooting. Huddleston received four bullets and Via lost his left thumb. Huddleston is fatally wounded. Via claims self-defense and public opinion seems to be in his favor.

Hurricane Over Azores.

ST. MICHAEL'S, Azores, Dec. 10.—A hurricane passed over this island Saturday. The German brigantine Adelaide was totally wrecked. Part of her crew were saved. The British steamer Ituni, 779 tons, from London, for Demerara, was damaged. The British steamer Fulwith, Captain Baines, from Bremen, for Galveston, which was towed into this port Dec. 3, with her shaft broken, broke adrift and collided with the French steamer Carolina, from Antwerp, for New Orleans, which had put in here with her machinery out of order. It is expected that the floating dock will be a total wreck. The bunk-water was partially carried away.

Houses Sinking in a Coal Mine.

SHENANDOAH, Pa., Dec. 10.—The town of Lost Creek, a suburb of this city, was thrown into a state of terror last night by a rumbling noise, which increased in volume and culminated in the cracking and sinking of the earth under six houses. The inmates were aroused and escaped to a place of safety. During the night several men, at the risk of their lives, rescued the household effects. The earth is still slowly sinking and it is feared that the houses will be completely engulfed. The surface is undermined by the workings of the Packer No. 2 colliery of the Lehigh Valley Coal company. The present loss is estimated at \$1,500.

Desperate Battle Looked For.

GUTHRIE, O. T., Dec. 10.—The farmers in Kingfisher county have been visited by numerous bands of horse and cattle thieves, and scores of cattle and horses have been spirited away. Thursday James Hamill had a stallion, valued at \$3,000, stolen, and more than 20 farmers have reported losses during the last two weeks. The thieves' stronghold is in the Gyp hills in the Cheyenne country. A posse of farmers, numbering 250 old timers, have started for the stronghold, armed to the teeth and determined to drive the thieves from the country or hang and shoot all on sight. A desperate battle is looked for.

Negroes Hurt in a Wreck.

PLAFUENINE, La., Dec. 10.—Saturday night, as the switch engine was returning from Indian Village with a train of cars, the rails spread, causing several cars to leave the track, and one on top of which a lot of negroes were riding, upset. A number of the men were caught by the falling cars and the following were hurt, some of them, it is thought, fatally: Adolph Allen, internally; Charles Carter, leg crushed; A. Milton Cheney, arm broken; Lee Wardle, leg fractured; A. J. Dickinson, shoulder broken; N. Woods, arm broken; Jim Reed; shoulder badly bruised.

LONDON, Dec. 10.—A violent south-east gale has prevailed along the Irish coast since yesterday morning. The Cunard line steamer Umbria, Captain Dutton, from Liverpool for New York, was detained at Queenstown until the afternoon. Several steamers were compelled, by the severity of the gale, to seek refuge in Queenstown harbor.

RAILWAY STATISTICS

Report Made by the Interstate Commerce Commission.

INCOME AND EXPENDITURES.

The Report Contains Returns From 570 Companies Whose Operations Cover 149,559.21 Miles of Line or 85 Per Cent of the Total Mileage of the United States.

WASHINGTON, Dec. 10.—The interstate commerce commission has just issued a preliminary report on the income and expenditures of railways in the United States for the year ending June 30, 1894, prepared by its statistician.

The report contains the returns from 570 operating companies whose reports were filed on or before Nov. 23, 1894, and covers the operations of 149,559.21 miles of line, or about 85 per cent of the total operated mileage in the United States.

The gross earnings from the operation of the 149,559.21 miles of line represented were \$949,639,075, of which \$300,137,142 were from passenger service, \$617,958,493 from freight service and \$22,423,285 were other earnings from operation, covering receipts from telegraph, use of cars, switching charges, etc. The operating expenses were \$643,428,331, leaving net earnings of \$306,210,744. Reduced to a mileage basis the earnings from passenger service were \$2,067 per mile of line; from freight service, \$4,132, total gross earnings, \$5,350; operating expenses, \$4,302, and net earnings, \$2,048.

A comparison of these items with similar results from the complete report of the previous year shows a decrease per mile of line in earnings from passenger service of \$53; in earnings from freight service of \$74, in total gross earnings of \$340, in operating expenses of \$574, and in net earnings of \$266.

The number of passengers carried were 505,295,446; passengers carried one mile, 12,589,926,578. Number of tons carried was 571,955,942; tons carried one mile, 70,426,244,065.

In order to show the volume of traffic for all the railways these figures should be increased 14 or 15 per cent. To compare the density of traffic with the previous year the figures are reduced to a mileage basis which shows the number of passengers carried one mile per mile of line to be 86,233, as compared with 83,809 in 1893. That there has been an increase in passenger traffic regardless of the commercial depression is due to the unusual amount of travel in July, August, September and October, 1893, on account of the world's Columbian exposition. The number of tons carried one mile per mile of line was 470,893, as compared with 551,232 for 1893. These figures show the decrease in the volume of freight traffic occasioned by the demoralization of business throughout the country.

The net earnings available for the payment of fixed charges and dividends was \$306,210,744, as against \$350,766,607 for the same roads for the previous year, a decrease of \$44,555,863. It is probable that the decrease in net earnings of all the railways will exceed \$50,000,000. The dividends paid were \$12,484,961, as compared with \$66,484,130 for 1893. After deduction of dividends it is found that all of the groups except Group 6 and Group 10 show a deficit instead of a surplus from the operation of the year, the aggregate amount of such deficit being \$28,038,621. This fact shows that a part of the dividends were either paid out of the accumulated surplus of past years or that their payment necessitated an increase in the current indebtedness.

The report also shows the average receipts per passenger per mile and the average receipts per ton per mile for the year ending June 30, 1894, covering the mileage represented. Regardless of the decrease in traffic there has been a decline in rates during the year, the average receipts per passenger per mile being .1976 cents, as compared with .2108 cents in 1893, and the average receipts per ton per mile .866 cents, as compared with .878 cents in 1893.

MEXICO AND GUATEMALA.

There Will Probably Be No Blood Spilled Over the Boundary Dispute.

WASHINGTON, Dec. 10.—It was stated at the Mexican legation that no news had been received concerning the alleged conflicts between Mexican and Guatemalan troops. Minister Romero thought it very doubtful if any such had taken place.

The trouble between Mexico and Guatemala arises out of a boundary dispute, a large tract of country on the border being claimed by both nations. In order to settle the matter a special delegate, Senor Emilio de Leon, was sent to Mexico by Guatemala. He reached San Francisco on Dec. 1 and the City of Mexico five days later, and negotiations have since been in progress.

Pending discussion, no troops, the minister says, have been sent to the disputed territory, which is almost entirely uninhabited.

Storm in the Northwest.

PORTLAND, Or., Dec. 10.—A violent wind and rainstorm, which has prevailed for two days throughout the northwest, has almost entirely shut off the telegraphic communication with the outside world. Telegraph and telephone wires have been prostrated in every direction. In this city the wind gained a velocity of nearly 60 miles an hour. Beyond the interruption to telegraphic communication there has been no serious damage done.

MONDAY, DECEMBER 10, 1894.

The Louisville Post is "a thing of beauty" in its new dress, and here's hoping it will be "a joy forever" to Br'er Knott and his co-workers. It is now one of the leading afternoon papers in the South, and its success of late years shows that the people appreciate a good thing, especially in the newspaper line.

The Washington correspondent of the Louisville Courier-Journal says: "Congressman Paynter is resigning everything here but his Congressional salary. He will mostly likely hold on to that until the first of the year. He is, perhaps, afraid if he should resign his seat now a Republican might succeed him."

Now what has the Courier-Journal got against the Ninth District's Representative?

Has Mr. Paynter refused to do its bidding at some time in the past?

KENTUCKY, thanks to Democratic legislation, is the Prince of "Commonwealth" tramps. She has not a cent in her pockets, and no immediate prospect for one.—Louisville Commercial.

Tell the truth. The editor of the Commercial knows that in the past day or so State Treasurer Hale has issued checks for nearly \$1,000,000 and they are being paid as fast as they are presented. Again we say, tell the truth. And has the editor of the Commercial heard from Ohio and her close-to-three million deficit?

The county has prayed an appeal from Judge Harbison's decision in the jail case. Let us all pray that we'll never have another County Court like the last one—Public Ledger.

The editor of the Ledger has a very poor opinion of our worthy County Court, but "honors" are even there, as the present court—and the in-coming court likewise, we understand—have a very poor opinion of the editor of the Ledger. Judge Phister and the members of the Court of Claims have the satisfaction of knowing they simply did their duty in protecting the county's interests.

LAST OF THE YEAR.

Low Rate Excursion Via C. and O
Wednesday, December 12th.

Tickets good going on trains No. 19 and 15 which will carry extra coaches for this occasion, leaving Maysville at 5:30 a. m. and 5:05 p. m., and arriving at Cincinnati at 7:45 a. m. and 7:30 p. m. Round trip only \$1.25. Tickets good returning on regular train No. 20, leaving Cincinnati 5:30 p. m. and trains No. 16 and 20 leaving Cincinnati 7:40 a. m. and 5:30 p. m. Thursday, December 13th.

Excellent attractions at the numerous theatres. Don't fail to go and see the magnificent holiday displays in the Queen City. Positively last low rate excursion to Cincinnati this year. So don't miss it.

Another rise at headquarters.

Falling here with 11 1-10 feet on the marks.

The hole in the Sunshine's hull is 22 feet long and 5 feet wide.

The St. Lawrence has resumed her place in the Maysville trade.

The coal fleet about all passed down and many of the boats are on return trip.

The Telegraph is to-night's packet for Pomeroy. The Bonanza and Stanley down this afternoon.

The Iron Queen down at 9:30 a. m. from Pittsburg, and will be to-night's packet for that point.

The boats of the Pittsburg coal fleet did not crowd each other as on last rise. They were strung out over a long stretch of water.

It would have required 273 trains of 45 cars each to handle the coal shipped from Pittsburg last week. It would have made a string of cars 72 miles long.

The Telegraph was delayed here Friday until 4 p. m. receiving a big shipment of plows from the James H. Hall Company, which was sent South on the Longfellow.

CARLISLE.

The Present Secretary of the Treasury May Be the Nominee For Governor.

A correspondent of the Louisville Post gives an interview with a Kentucky politician who expresses his belief that Hon. John G. Carlisle, Secretary of the Treasury, will be the nominee of his party for Governor next year. This politician is quoted as saying:

"Kentucky Democrats want 'harmony.' For the first time since 1868 they know they have a fight for Kentucky and for the Senatorship. With Boyle or Evans or Yerkes nominated by the Republicans and a division in the Democratic party on the silver plank of the platform, the chances would all be in favor of the Republicans. But if Carlisle is nominated he will carry Kentucky by fifty thousand majority, and his platform would be his recent report on the finances."

"That report is not so much a great financial measure as it is a measure to renitiate the Democratic party. It has concessions in it for the East, concessions for the West, concessions for the South. The East wants to get rid of greenbacks; so does Carlisle. The West wants more silver; Carlisle makes way for silver by recalling all small notes. The South wants more paper money and State banks; so does Carlisle. The first step was to get it before Congress and the public for discussion. It will not pass this winter. It may be modified, and then Carlisle will make a campaign in Kentucky on it; he will carry the State for it. Cleveland Democrats in Kentucky will accept it. Carlisle Democrats will support it, and if Blackburn gets in the way of the locomotive he will not stop its progress. It is not the Senatorship Carlisle is seeking; he gave up that position for the Treasury. He is today, with all his limitations, the most available Democratic candidate for 1896. This means hot politics in Kentucky for the next twelve months; a political campaign which would have national interest."

The gentleman admits that such of this is speculative, but he insists that every day makes plainer the necessity for the Democrats putting forward a strong man on a strong platform and issue which will shake off Democratic lethargy and heal Democratic dissensions.

J. T. KACKLEY & CO.'S DISPLAY.

Holiday Goods were Never as Low as They are Now.

J. T. Kackley & Co.'s store was ablaze with electric lights Monday night and from dark until a late hour it was thronged with men, women and children admiring the elegant display of holiday goods and enjoying the music discoursed by Bailey's Orchestra. Suffice it to say that a finer display of holiday novelties has never been seen in this city. And the people will be surprised when they price these articles. A handsome manicure set that formerly sold at \$3.50 and \$4, goes this year at \$1.40. An Oxford teacher's Bible that cost \$3 and \$4 a few years ago, is down to \$1.50 now. The same is true of the price of other books and goods.

"I have never seen goods so low," was a remark of Mr. Kackley. And this will be good news for the people.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise—a purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood. Will drive malaria from the system and prevent as well as cure all malarial fevers. For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50c. and \$1 per bottle at J. J. Wood's drug store.

Fifteen Hundred Dollars Damages.

The trial of the case of the Dover Christian Church against the Maysville and Big Sandy Railroad Company resulted in a verdict in favor of the plaintiff, Saturday. The railroad is built along the street on which the church fronts, and the claim was made that the construction of the road and running of trains damaged the property as a place of worship. The church was awarded \$1,500 damages.

"A Treat to Lovers of Minstrelsy."

Hi. Henry's minstrels will be the attraction at the opera house to-night. This company was at Lexington last Thursday night and the Transcript says, the entertainment was a treat to lovers of minstrelsy. "It was a clever, clean, bright entertainment, and one that Lexington theater-goers will welcome should they come again," was the verdict of the Transcript.

LOWELL ON SKEPTICISM.

The Distinguished Writer Takes a Center Shot at Ingersoll and Other Infidels.

Here's what James Russell Lowell has to say of Infidel Ingersoll and others of his ilk:

"When the microscopic search of skepticism which has hunted the heavens and sounded the seas to disprove the existence of the Creator has turned its attention to human society, and has found a place on this planet ten miles square where a decent man can live in comfort and security, supporting and educating his children unspoiled and unpolluted; a place where age is revered, infancy nourished, manhood respected and womanhood honored—when skepticism can find such a place where the gospel of Christ has not gone and cleared the way and laid down the foundations, and made decency and security possible, it will then be in order for champions of skepticism to move thither and ventilate their views. But, so long as these men are dependent upon the religion which they discard for every privilege they enjoy, they may well hesitate a little before they seek to rob the Christian of his hope and humanity of its faith in that Savior who alone has given to man that hope of life eternal which makes life tolerable and society possible, and robs death of its terrors and the grave of its gloom."

USEFUL Xmas present will be appreciated more than ever this year, and before buying you should see Chenoweth's stock of combs and brushes, pocket-books, card cases, perfumes and toilet preparations, at prices so low they will surprise you.

HERB MEDICINE CO. SPRINGFIELD, O.

Hi. Henry's Minstrels To-night.

Hi. Henry's celebrated minstrel company is way above the average. The special scene first part is gorgeous. The orchestra is perfection itself and the Premium Quintette good. Frank McNish is the same old character, grown a little stout, but still nimble and full of silence and fun. A novel interlude is a ten minute trip around the world, by means of a stereoscope, the orchestra playing descriptive music. The grand finale was something new and neat, introducing the band and Mr. Henry for a cornet solo. The great cornetist was greeted with hearty applause as he stepped out neatly dressed in uniform. His two solos were charmingly rendered and greatly admired. Then came the march of the gladiators, terminating with Frank McNish's living pictures in imitation of classic marble statuary.—Grand Rapids Herald.

This excellent attraction will be at opera house to-night, and you don't want to miss it.

BASE BALL.

Local Lovers of the Sport Rather Discouraged Over the Outlook For Next Season.

Local base ball enthusiasts are rather discouraged over the outlook for next season, and the probability now is that Maysville will not have any club at all in '95.

The parties who backed the club up last summer came to the conclusion before the close of the season that the fair grounds were not just the location for a ball park; they are too far away from the city, and too much time was taken up in going to and returning from the games.

In looking about for a new location, what is known as the Barbour & Cochran lot in the Sixth ward was decided upon as the most desirable in every way. Here an ideal park could be fitted up. A proposition was accordingly made to the owners and the street railway company for leasing part of the lot and fitting it up. The proposition was to lease it for five years, with privilege, however, of terminating lease at end of one year.

The owners of the lot have declined the proposition, and the directors of last year's club have about concluded not to have anything more to do with the matter.

Manager Watson has received letters from several excellent players who are anxious to sign with Maysville next season, and if the grounds could be secured this city would be right in it with one of the best clubs in the State, as well as one of the best parks.

Another lot even closer to the business portion of the city than the Sixth ward lot has been suggested as a suitable location for ball grounds, but there is one objection to it and that is, it is not on the line of the street railway.

Daniel Boone's Receipt.

L. C. Brookover, of Eckmansville, Adams County, has in his possession several ancient papers which he found among his grandfather Aseal Brookover's effects. The most valuable is a receipt from Daniel Boone, the noted Indian fighter and pioneer settler of Kentucky, written in whole by Boone himself. It is dated January 3, 1823, and is for "five flower barrels" received from "Abraham Hes" for Aseal Brookover. Hes is supposed to have been a citizen of what is now Maysville, then known as Limestone. Mr. Brookover is not inclined to part with it and will take steps for its preservation.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

THE MATINEE CLUB.

The Members Delightfully Entertained by Miss Bessie Johnson Saturday Afternoon.

The Matinee Club, which has reorganized for its third season, was delightfully entertained by Miss Bessie Johnson on Saturday afternoon from 2 to 6. A delicious luncheon was served in the course of the afternoon, the dainty combination of green and white predominating in the table appointments and the menu.

A unique feature was introduced, affording much merriment and pleasure. At the close of the luncheon, each guest was handed an envelope containing a sketch of a member of the club who was to be recognized by the virtues and charms therein described. It is needless to say each modest guest was surprised to find her virtues so many, her faults so few.

The delightful afternoon closed with music by Miss Murphy, the guest of honor, Misses Blatterman, Albert and Johnson, and a charming vocal selection by Mrs. Conard Phister.

The members of the club are Mesdames Conard Phister, Hiram Chenoweth, John Hunt, George Cox, Edward Browning, John Adamsen, Thomas Keith, Ben Poyntz, Wm. Cochran and Misses Johnson, Blatterman and Albert.

The visiting guests of Saturday were Miss Murphy, Miss Katherine Albert, Mrs. Thomas Phister and Miss Elizabeth Chapin. The next meeting is announced for December 20th, at Mrs. John M. Hunt's.

The Late Mrs. Nat Poyntz.

The remains of the late Mrs. Nat Poyntz reached here Saturday morning and the funeral occurred Sunday morning at 10 o'clock at the residence of Mrs. Samuel B. Poyntz, of East Third street. The services were conducted by Rev. R. G. Patrick of the First Baptist Church, assisted by Rev. W. O. Cochrane, of the Central Presbyterian Church. The remains were afterwards laid to rest in the Maysville Cemetery.

Her death, as heretofore announced, occurred December 4th at Orlando, Fla., and resulted from congestion of the brain. The Daily Reporter of Orlando, pays the following tribute to the deceased: "Mrs. Poyntz possessed many excellent qualities and was an affectionate wife and mother, and her home bore an enviable reputation for genuine hospitality that was shared by hundreds of people in every walk of life. She was a member of the Baptist Church and has been conspicuous for her many acts of charity in and out of church circles. Universal sympathy is felt for the husband and children in their affliction."

IN MEMORY OF GUSTAVUS ADOLPHUS

Three Hundredth Anniversary of His Birth Appropriately Observed.

STOCKHOLM, Dec. 10.—The 300th anniversary of the birth of Gustavus Adolphus, the great Swedish king, who died on the battle field of Tuetzen, Nov. 6, 1632, was celebrated here with a pomp and splendor which made it one of the greatest festivals ever held in this capital.

The celebration commenced Saturday morning, when the public school children gathered in their respective schools and marched to the various state churches, each child carrying a small Swedish flag. Later in the day memorial festivals were held in all the high colleges, and in the evening there were three celebrations on an immense scale, arranged by the Swedish Patriotic society. In the three of the largest banquet halls in Stockholm speeches were made by men famous in the service of their country, and patriotic music was performed by the various bands of the crack regiments. In addition memorial services were held in some of the churches.

Yesterday morning patriotic and religious hymns were rung on all the chimes in the city. Regiment bands also played similar music.

In the Riddarholm church, the burial place of Gustavus Adolphus, and other famous Swedish kings, where, usually no divine services are held, services took place at 11 o'clock in the morning, and were attended by King Oscar, the royal prince, the representatives of the German emperor and other deputations from Germany, the diplomatic corps, the aldermen of Stockholm and numerous delegations.

After the religious ceremonies, a number of magnificent wreaths were placed on the tomb of Gustavus Adolphus. A guard of honor that was drawn up around the church, fired a salute, which was answered by the cannon of the Skeppsholmen battery.

A few hours later a memorial service was held in the German church. The sermon was preached in the German language by Professor Fricke, president of the Gustavus Adolphus society of Germany. The king, the representatives of Emperor William and all the delegations from Germany attended.

At 4 p. m. a torchlight procession marched through the principal streets of the city, the torchbearers consisting of all the troops of the Stockholm garrison. While passing the Gustavus Adolphus monument, which was splendidly decorated with flags and banners and illuminated by thousands of electric lights, the standard bearers and all the troops saluted.

All the buildings in the vicinity of the royal castle and Gustavus Adolphus square were illuminated. The scene was a magnificent one, the blue waters of Lake Maelar and the Baltic reflecting the innumerable illuminations.

The statue of Axel Oxenstierna, the great chancellor of Gustavus Adolphus, who conducted the 30 years war after the king was dead, was most gorgeously illuminated. The rest of this work was borne by the Spanish nobility.

A few hours later another torchlight procession, made up of the various clubs and societies of the capital, marched through the streets to the royal castle, where a choir, consisting of 650 voices, sang patriotic airs.

Still later in the evening King Oscar gave a banquet at the castle, to which about 100 persons were invited.

Observed in Germany.

BERLIN, Dec. 10.—The 300th anniversary of the birth of Gustavus Adolphus, the hero of Protestantism in the 30 years war was generally observed by Protestant Germany. Special services were held in several of the churches.

TURKISH OUTRAGES IN ARMENIA.

The Sultan Fears an Independent Report to Our Government.

LONDON, Dec. 10.—A dispatch to The Standard from Constantinople says that the sultan has not acquiesced in the mission of Consul Mile Jewett, who was selected by President Cleveland to inquire into and report upon the Turkish outrages in Armenia. The dispatch adds that the sultan appears to fear the effect of an independent report to the Washington government.

Sir Philip Currie, the British ambassador to Turkey, is in very active communication with the porte and the foreign embassies. It is believed with good reason that he is pressing the porte to accept some measure that will satisfy the outraged public opinion of Europe. The porte is completely alive to the gravity of the situation and seems to fear either a collective note from the powers or an agreement between Russia and Great Britain for a Russian occupation of Armenia.

Fuad Pasha, the bearer of Turkish orders for the czar and zarina, has several times got as far as the railway station, but he has not yet actually started for his destination. It is doubted whether the czar will consent to receive him.

The arrest of Armenians continues. A meeting of 8,000 Armenians was held in Varna Sunday to protest against the atrocities. A deputation from the meeting, followed by a crowd of people, visited the foreign consuls and appealed to them to ask their governments to execute Article 61 of the Berlin treaty. The meeting sent a telegram to the Catholics of Etchmiadzen begging them to implore the czar's clemency in behalf of their persecuted brethren.

No Hope For Armenian Prisoners.

VIENNA, Dec. 10.—Trustworthy Constantinople advices received here show that the Turkish minister of justice has invited Hymayak, locum tenens of the Armenian patriarchate, to petition the sultan to pardon 233 Armenians who are lying untried in provincial prisons. No reply has been received to the invitation yet, and it is likely to be declined, as, in seeking the pardon of the prisoners, it would be necessary to describe them as rebels.

Italy Ready For Intervention.

LONDON, Dec. 10.—A dispatch to The Chronicle from Rome says that Italy is in full agreement with Great Britain, and is ready to consent to European intervention in Armenia.

A Commoner's Audacity.

A couple of weeks ago Colonel Fitz-George, son of Field Marshal the Duke of Cambridge, went shooting in Bushby park with some of the Teck princes. He managed to discharge the contents of his gun among the beaters. The newspapers duly reported the accident, whereupon the colonel wrote to The Times, complaining of exaggeration and explaining the thing as quite a trifling affair. "Three pellets just grazed one man, and another had a few pellets in his legs, but no harm was done." One of the injured men now says he has a 10 inch wound in the thigh and is still in bed. His views as to the amount of harm done naturally differ from the colonel's, and he proposes to take the opinion of a jury. Thereupon polite society is much concerned at the audacity of a common laboring man setting the law in motion against the son of the queen's cousin, particularly as a prince or two may be subjected to the inconvenience and indignity of going upon the witness stand.—London Letter.

PREVENTED THE ELOPEMENT.

The Lover Killed and the Girl's Father Murderer at Large.

HENDERSON, Ky., Dec. 10.—A shooting took place in Webster county Friday night, near Clay, in which John Clayton shot and killed Jesse Driver. Driver was a near neighbor of Clayton, and was a lover of his 14-year-old daughter. He had been forbidden to come on the Clayton farm, but persisted in his attentions to the girl.

Friday Clayton learned of a plan agreed upon between Driver and his daughter to elope that night. As Driver approached the house in his buggy that night he was met by Clayton, shotgun in hand. What passed between the men is not known, but Saturday Driver's dead body was found in the road where the meeting took place. Clayton fled after the killing and is still at large.

Quarrelled Over Cards.

BOSTON, Dec. 10.—Gaizeppe Olivier of 18 Genessee street and his wife Theresa were probably fatally stabbed by Angelo Constantino, as the result of a quarrel over a game of cards, just before 7 o'clock yesterday evening. The wounded man and woman are at the city hospital, the former with a deep slash in the abdomen and the latter with a cut in the breast, penetrating the lung. They are not expected to recover. Constantino was arrested after a long chase and confessed to the stabbing.

Preparing For an Attack.

LONDON, Dec. 10.—The correspondent of The Times at Shanghai telegraphs that the new viceroy of Nankin is changing the officials. He is instructing them with river defenses, with mines and torpedoes, and has appointed a new admiral to command the Nan Yang squadron. It is supposed that he expects the Japanese to make an attack on the place during the winter.

Unknown Man Killed in New Orleans.

NEW ORLEANS, Dec. 10.—A telegraph wire parted last night and fell on a trolley wire, just as a gentleman was crossing Canal street, the main thoroughfare of the city. The wire caught him by the throat and roasted him to death, people fearing to attempt a rescue. The victim was evidently a man of easy circumstances, but has not yet been identified.

Glass Works Damaged by Fire.

NEW CASTLE, Pa., Dec. 10.—The Shengango glass works, owned by Knox, Feltz & Company, yesterday sustained a loss of about \$100,000 by fire. The flattening house and the main building were totally destroyed. The insurance amounts to \$30,000, and the works will be rebuilt and running within the next two months. Three hundred men are idle as a result of the fire.

Bank Cashier Skips Out.

LINCOLN, Neb., Dec. 10.—Albert Whipple, cashier of the Crawford Banking company at Crawford, Neb., has absconded, and the bank is closed. He has had several government contracts at Forts Robinson and Omaha. Payment on one check of \$2,500, and others made to him by the government on the United States depository at Omaha, have been stopped. The state bank examiner has been sent for.

More Earthquake Shocks.

ROME, Dec. 10.—A torrential rain that fell Saturday, flooded the houses of Reggio, capital of Reggio di Calabria, which recently sustained great damage by earthquakes. In the evening there was a slight earthquake which caused the people to flee from their homes and camp in the open places despite the inclement weather. At 5 o'clock Sunday morning there was a sharp shock which caused a renewal of the panic.

Cotton Factory Burned.

COLUMBIA, S. C., Dec. 10.—The bank cotton factory in Lexington county, about 13 miles from Columbia, was destroyed by fire last night. The origin is unknown. The loss is \$75,000; insurance, \$40,000.

HAVE you got a good thing?
Let the people know it.
Do not keep it to yourself;
Advertise and show it.
Bait your hook with printer's ink
And throw it!

THE AIM of every business man should be to use every opportunity of reaching every possible customer. Newspaper advertising is the instrument most likely to accomplish this end. Other means have been tried and have failed. For a time, circulars were considered to be as good a means of accomplishing success as could be devised; but these have been overdone and are not now read. Circulars almost invariably find their way, often with unbroken wrapper, into the waste-basket or the fire. The newspaper is by far the better means of reaching the bulk of the people. This result has been the outcome of many experiments in various kinds of advertising.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
